

All That Appears Like Candy Isn't, Two-Year-Old Learns

Little 2-year-old Christopher Hughes of 1122 Felbar may grow up to be an explorer, according to all indications, but it's pretty certain that he won't monkey with thyroid pills any more.

Christopher had to be rushed to a physician Monday morning after swallowing about seven thyroid pills which he

discovered during his travels through his home. Following such unpleasantness as having his stomach pumped out, Christopher seems to be as good as ever, a member of the family reported.

The little boy is the son of Mr. and Mrs. Donald Hughes, 1122 Felbar.

Painting Stucco

Answers to questions about Nalcrete

Q. What new development has revolutionized the painting of stucco homes?

A. "Dutch Boy's" amazing new polymer paint, Nalcrete.

Q. How does Nalcrete differ from ordinary paints when first applied?

A. Ordinary stucco paint often looks blotchy at first then "weathers" out to a uniform color. But Nalcrete gives a beautiful, uniform color the instant it is dry.

Q. What happens as Nalcrete "ages"?

A. Nalcrete holds its color without fading; washes sparkling clean in hard rains, leaves no dirty streaks. It defies sun, storm and fog, and, most important, it does not react with the alkali present in most masonry surfaces.

Q. Is Nalcrete available in colors as well as white?

A. Yes . . . in a wide range of colors from the "Dutch Boy" Color Gallery, plus easy intermixes.
